

# Pompey Pool League

## Minutes of Pompey Pool League Committee Meeting – 7<sup>th</sup> August 2017 at The Newcome Arms.

### Present:

Dave Philpott	League Secretary and Web Master
Martin Holmes	Competitions and Results Secretary
Dave West	Treasurer
Neil Simmonds	Aggregates Secretary

### Agenda

1. To review the way missing results sheets are reported in the League Tables.

### PROPOSAL.

1. Number of games played.  
Currently if a team has played X games and has Y missing winning result sheets, the tables show X-Y games played. This will be changed to X -the number of actually games played, irrespective of the number of results sheets missing. Point will remain unchanged. Points will still not be awarded for winning games with a missing results sheet. Missing results sheets will still be listed on the web site with the Tables.
2. Number of frames won - Losing Team.  
Currently, if a losing team, has a winning team that has not delivered their results sheet, the losing team are not credited with their winning number of frames for that match into their "For" score. This is an error in my software that nobody has ever spotted!
3. Number of frames lost - Losing Team.  
Currently if a winning team does not deliver a results sheet, the number of frames lost will not be recorded against the losing team. In this way, the performance of the losing team not is accurately described. So I intend to report the actual losing team performance irrespective of the whether the winning team deliver a results sheet.

These updates were unanimously agreed.

D. Philpott  
League Secretary
