2. Complaint from Rose in June A from the match against the Oyster House A, played on 14th February.

Following additional verbal testimony from both teams it was decided that there was no case to be heard in relation to this match.

It was, however, agreed that all teams will be circulated with advice as to the role of the referee and match etiquette for the players.

Post Meeting Note

- Proposed wording is as follows:

It is the Referee's responsibility to ensure that all players are present at table at the start of each frame and each player shakes their opponents hand before the start of each frame.

The Referee should not advise players on the Rules of Play, unless specifically asked for clarification by a player.

If no colour is potted from the break then the player(s) must nominate their colour after the break or if no colour is potted from the first shot following a foul break.

Note: This is a simplification of Rules 4(d) and 4(e) in the existing the Rules of Play.

All 9 frames must be completed in all league matches.
